

Mute Somebody

Itchy Poopzkid

Why do you talk to me?

Oh I cannot believe it
Don't say it one more time
My two ears are bleeding, bleeding
I know talk is crime
And you keep on talking
Where are my headphones?
Give me my headphones!
While I keep on walking
You don't leave me alone
I wish I was back home

I wanna leave I don't know how
I'm gonna mute somebody, mute somebody now
All in all I wanna shoot somebody, shoot somebody
To wash away the sound
I'm gonna mute somebody, mute somebody now
All in all I wanna shoot somebody
So why do you talk to me?

You go copy-pasting
What is it that you said
And my time is wasting
Wish I was home instead
So I end up waiting, waiting
For you to go away
But my hope is fading
Coz you are gonna stay
Who's gonna make my day

I wanna leave I don't know how
I'm gonna mute somebody, mute somebody now
All in all I wanna shoot somebody, shoot somebody
To wash away the sound
I'm gonna mute somebody, mute somebody now
All in all I wanna shoot somebody
So why do you talk to me?

I wanna leave I don't know how
I'm gonna mute somebody, mute somebody now
All in all I wanna shoot somebody, someone
I wanna leave I don't know how
I'm gonna mute somebody, mute somebody now
All in all I wanna shoot somebody, shoot somebody
To wash away the sound
I'm gonna mute somebody, mute somebody now
All in all I wanna shoot somebody
So why do you talk to me?
