## **Bang Bang**

Ivan Král

Well this ain't the right things to do, so let's go

Young girls they know what they're after Young girls don't kiss me goodbye Rocktes shootings up into space Buildings they rise to the skies

Bang bang I got mine Bang bang reach for the sky

I keep a good friend on video tape He'll drive his sports car until it's too late But we'll have a hot time on the town tonight Cause love is my bet and it's the best yet

Bang bang I got mine Bang bang sun don't shine Bang bang you all angels Bang bang now you all ought to be in pictures

Oh girl Oh girl my problems can't follow me Phone calls I take my machine I wander lonely to the sea Lonely ha ha ha what does it mean

Bang bang I got mine Bang bang and you are next in line Bang bang reach for the sky Bang bang sun don't shine

Rise buildings Rise to the sky Young girls they know what they're after I said, young girls don't kiss me goodbye
