Nothing Lasts Forever

When I cry I cry for us babe what I dream about I feel it's a lie, the time was right but nothing lasts forever, you and I passing gotta stay. When I hear your voice I fall to pieces when I think of you, I think of you at night, when it's hard to fall asleep, you make me laugh and you say nothing lasts forever, and you know you're breaking my heart. If you ever change your mind... oh, I don't wanna know you'll break my heart you'll make me feel small... Don't ever change don't ever change your mind, even if you say I know when you say that nothing lasts forever... Everything will work out everything will work out everything will work out. If you ever change your mind ... oh, I don't wanna know you'll break my heart you'll make me feel small... Don't ever change don't ever change your mind, even if you say...if you say ... nothing lasts forever... Everything will work out....
