

# Speak To Me

Ivan Král

I'm standing on the corner  
just about to go,  
baby won't you speak to me  
this party's getting slow.  
I haven't got much time  
I got a lot of dope  
life's been good to me  
and it shows.

Maybe we can dance a bit  
maybe we can kiss,  
maybe we decide to leave  
holding hands.

I want to touch you  
underneath the moonlight,  
speak to me  
I haven't got much time

I'm running out of time  
I'm running out of money,  
we're running out of space  
we're such a foolish race.  
I haven't got a tambourine  
but I've got a lot of hope,  
life's been good to me  
and it shows.

Maybe we can kiss  
maybe we can dance,  
maybe we decide to leave  
holding hands.

Let me touch you  
underneath the moonlight,  
I wanna speak to you  
come on honey!  
or let's kiss,  
maybe we decide to leave  
holding hands.

Wanna touch you underneath the moonlight  
let me speak to you,  
oh, come on honey!  
Speak to me baby...!!!
