

# Beyond The Pain

Ivory Night

1.

Lost inside of somewhere off my home  
Searching for the bitterness of clearness  
Torn between the safe and the unknown  
Right to left and back in 20 minutes

B.

Search don't find  
Face your fear  
Don't fear your face  
Search and find  
The answer in your Blood

R.

All of my life I would save my trace  
Until that night when the fire of the moment burned my face  
One of my tears is a drop of rain  
I have to live with the shame  
Way beyond the pain

Melody: P+T

2.

View beyond the blink inside my eyes  
Recognize the narrow path of wisdom  
Welcome to the way that is the goal  
Shake the hand of doubt and enter sodom

R.

All of my life I would save my trace  
Until that night when the fire of the moment burned my face  
One of my tears is a drop of rain  
I have to live with the shame  
Way beyond the pain

Melody: P+T

Solo: P+T+C

The answer in your Blood

All of my life I would save my trace  
Until that night when the fire of the moment burned my face  
One of my tears is a drop of rain  
I have to live with the shame  
Way beyond the pain  
Way beyond the pain  
I have to find my home  
I have to deal with the shame  
Way beyond the pain
