

Best Damn Thing

Ivy Levan

I said won't do this anymore
And you said you heard us one before
Let it play-ay-ay-ay
When I walk away-ay-ay-ay
Bye bye, bye bye
Don't come look for simple thing, oh no, I won't

Hey, you wanna know 'bout what goes around comes around?
Hey, you never did care then, you tell me why I do care now?
You wanna know 'bout what goes around comes around?
Say it again, I was the best damn thing!

You say baby take me back now
You see what you could've had
I'm on my way-ay-ay, not today-ay-ay, or tomorrow!
Never look for simple thing from me
'Cause I won't!

Hey, you wanna know 'bout what goes around comes around?
Hey, you never did care then, you tell me why I do care now?
You wanna know 'bout what goes around comes around?
Say it again, I was the best damn thing!

Oh, you
Yeah, you
Don't you know that you're losing the best damn thing?
Hey, you
Yeah, you
Don't you know that you're losing the best damn thing?

Hey, you wanna know 'bout what goes around comes around?
Hey, you never did care then, you tell me why I do care now?
You wanna know 'bout what goes around comes around?
I was the best damn thing! I was best damn
Hey, you wanna know 'bout what goes around comes around?
Hey, you never did care then, you tell me why I did care now?
You wanna know 'bout what goes around comes around?
Say it again, I was the best damn thing!
