

Papi Te Quiero

Ivy Queen

I've been waiting for you, baby
Without you I'm going crazy
I've been feeling, oh, so lonely
(Lo que quiero es amarte amor)
Waiting for you to come and hold me, oh baby

Papi, te quiero, come and be my fellow
(Te quiero, me muero)
Baby, te quiero, touch me nice and mellow
(Te quiero, yo puedo)
Papi, te quiero, come and be my fellow
(Te quiero, me muero)
Baby, te quiero, touch me nice and mellow
(Te quiero)

I wanna know if you think about me
When you say that you love me and you belong to me, man
The way you kiss and when you hold me
And on the days that you make me feel free

Hey man, here's where you belong
Our love is strong
Come and give your loving, aye porfavor
Hold me in your arms, never let me go
Lleva me contigo tu eres mi amor
Ven, tu eres mi rey,
Oh ven, come and make my day

I've been waiting for you, baby
Without you I'm going crazy
I've been feeling oh so lonely
(Lo que quiero es amarte amor)
Waiting for you to come and hold me, oh baby

Papi, te quiero, come and be my fellow
(Te quiero, me muero)
Baby, te quiero, touch me nice and mellow
(Te quiero, yo puedo)
Papi, te quiero, come and be my fellow
(Te quiero, me muero)
Baby, te quiero, touch me nice and mellow
(Te quiero)

And I swear I love you, babe
I dream about you every night and day
Every where I look I see your face
Por siempre yo te amare

Papi, te quiero, come and be my fellow
(Te quiero, me muero)
Baby, te quiero, touch me nice and mellow
(Te quiero, yo puedo)
Papi, te quiero, come and be my fellow
(Te quiero, me muero)
Baby, te quiero, touch me nice and mellow
(Te quiero)

Hey man, here's where you belong
Our love is strong
Come and give your loving, aye porfavor
Hold me in your arms, never let me go
Lleva me contigo tu eres mi amor
Ven, tu eres mi rey,
Oh ven, come and make my day

Papi, te quiero, come and be my fellow
(Te quiero, me muero)
Baby, te quiero, touch me nice and mellow
(Te quiero, yo puedo)
Papi, te quiero, come and be my fellow
(Te quiero, me muero)
Baby, te quiero, touch me nice and mellow
(Te quiero)
