

You are in me

Iwan Rheon

She softly wondered
where she'd been
If someone whispered
in her ear
You are, you are, you are in me

Don't go away
Our time is near
Not crystal cut outs on a string
You are, you are, you are in me

Decisions shape
Who she might be
A heartfelt promise then she'll hear
You are, you are, you are in me

Don't go away
Our time is near
Not crystal cut outs on a string
You are, you are, you are in me

How far
are we falling
How far
are we falling
how far
are we falling
how far
are we falling
How far
are we falling
How far
are we falling

Now distance took
my love away
I long through song to
hear her sing
You are, you are, you are in me

Don't go away
Our time is near
No heart felt promises to fear
You are, you are, you are in me
