

## You are in me

Iwan Rheon

She softly wondered  
where she'd been  
If someone whispered  
in her ear  
You are, you are, you are in me

Don't go away  
Our time is near  
Not crystal cut outs on a string  
You are, you are, you are in me

Decisions shape  
Who she might be  
A heartfelt promise then she'll hear  
You are, you are, you are in me

Don't go away  
Our time is near  
Not crystal cut outs on a string  
You are, you are, you are in me

How far  
are we falling  
How far  
are we falling  
how far  
are we falling  
how far  
are we falling  
How far  
are we falling  
How far  
are we falling

Now distance took  
my love away  
I long through song to  
hear her sing  
You are, you are, you are in me

Don't go away  
Our time is near  
No heart felt promises to fear  
You are, you are, you are in me
