

Breathe

lyaz

I'ma just breathe and let it out,
Breathe and let it out,
Breathe and let it out

It started,
We was at the mall, it's the first place we ever met,
Off in a gaze?, I was thinkin' of ways to tell my love that thi
s is the end,
And as we sittin sippin' Pina Coladas, the thoughts wouldn't le
ave me alone,
I know exactly what I gotta do, but I'ma let her know when we g
et home,
My love don't wanna see you cry, no, eh,
And I don't never wanna leaveeee,
This situation got me so lost for words,
But I'ma try to tell you how I feeeelll.

How am I to tell the love of my life, I'm in love with my best
friend,
I play it over and over up in my head, and I know how it's gonn
a end,
How am I to tell the love of my life, I'm in love with my best
friend,
I'm tryin' hard to find the word, but not one seems to make sen
se.

Oh baby, lemme holla at you, cos I really think that we need to
talk,
And by the way you looked in my eyes, I could you knew somethin
g was wrong,
And as I watched as you tried to plate up, with the tears filli
n' up in your eyes,
You put your hands around my waist and hugged me tighter and sa
id, 'Baby tell me what's on your mind,'
My love, you know me from the get go,
I've always got to keep reaaallll,
This situation got me so lost for words,
But I'ma try to tell you how I feeeelll.

Eh, Oh I, Oh I, Oh I,
I'm I love with my best friend

[Chorus]
