Testify

Testify you will Here, on the dance floor When the DJ plays your favorite song This is when we lose it

Get down, get down like a gryphon in wonderland Just as you crave the tempo of this song Just as your body spells trouble in the disco

Serenade your soul Spin the music through the door Sink in the spirits of harmony Becoming one with the sun behind the beat

Tonight you will drink and dream of love You will throw down your cupid arrows Hypnotized you feel your body in the middle of the dance floor

You're dancing day and night You recognize this feeling You're taking back, you're taking back you're freedom

Do you know where your body goes when you lose control? Get down... Let the groove take over lyeoka
