

So far away

Izrael

Polititian, don't tell about your game
To listen it is a shame for i
Don't tell i, what you want for us
We are living another life
So far away, so far away
Your kingdom is money, money
I man kingdom is i&i
Your kingdom is rule for a war
I man kingdom is living love & harmony
So far away, so far away
We don't wanna be, like you want us to be
We don't wanna see, what you want us to show
We don't wanna do, what you want us to do
We are living our own independent life
So far away
And mr.ruler i know you wanna soul control
Polititians, polititians don't push i&i your ambitions
We are living independent life,
I say and we don't wanna to listen about your plan
I say we don't wanna your wicked business
And i know another kind of love.
Another kind of love another kind of feeling
