

# Work Out

J. Cole

I wanna see you work out for me, work out for me

Hey, we got a good thing  
Don't know if I'm a see you again  
But is that a good thing?  
Cause girl I can't be your man, no ma'am  
I know what's on your brain  
You're probably hopin' never would end  
Like is it the real thing  
Or is it just a one night stand

Let me see you get high and go low  
Now girl won't you drop that thing down to the floor  
I'm here for one night, how far will you go?  
I wanna see you work out for me, work out for me

High and go low  
Now girl won't you drop that thing down to the floor  
I'm here for one night, how far will you go?  
I wanna see you work out for me, work out for me

She like them boys with the big ol' chains  
Ride around town in the big ol' Range  
I knew her when I rock big ol' chains  
Now the little nigga doing big ol' things  
Would you look at that, I came back for it  
Just to give it to ya, like you asked for it  
Man that thing in them jeans too fat for it  
It rebounds so I caught off the backboard  
I told her, baby girl come here  
Know I run the town even when I ain't from there  
And I brag hardly but just to show up at this party I made  
What your nigga make in one year, that's unfair but  
So is life, take a chance roll a dice  
Money can't buy you love cause it's over priced  
Don't overthink just hope it's right  
I'm only here for the night

Hey, we got a good thing  
Don't know if I'm a see you again, see you again  
But is that a good thing?  
Cause girl I can't be your man, no ma'am  
I know what's on your brain  
You probably hope it never would end  
Like is it the real thing  
Or is it just a one night stand  
Well then

Let me see you get high and go low  
Now girl won't you drop that thing down to the floor  
I'm here for one night, how far will you go?  
I wanna see you work out for me, work out for me  
High and go low  
Now girl won't you drop that thing down to the floor  
I'm here for one night, how far will you go?  
I wanna see you work out for me, work out for me

Carolina blue kicks, fresh on the scene  
Hottest nigga on the block, damn girl you mean  
They be starting shit, but it's your world  
On my Martin shit, you go girl  
She bad and she know it, some niggas save Hoes  
I'm not that heroic  
Could you be my escort  
Cause just like them two door Fords  
Damn, they don't make 'em like you no more  
Cole World, real Cole World  
Them boys cool, me I'm on fire  
Know what's on my mind, tryna see what's on yours tonight  
Tonight, tonight  
Move slow, cause you wanna live fast  
Up late so you'll probably skip class  
Life is a test so before the night pass get right  
Get right

Hey, we got a good thing  
Don't know if I'm a see you again, see you again  
But is that a good thing?  
Cause girl I can't be your man, no ma'am  
I know what's on your brain  
You probably hope it never would end  
Like is it the real thing or is just a one night stand  
Well then
