

## Come Here

J. Holiday

Hey, girl, how are you doing?  
What you name is?  
Looking like a model or somebody famous  
Where's the nigga that you came with  
If you're here alone, baby, we're gonna have to change this  
'cause you're sexy than a motherfucker  
To get to know you girl I'd really love to  
Get to show you a good time  
And get it cracking with a slow grind

Damn shawty looking sexy as hell  
And how you're griding you don't know what it does to me  
I put my hand right here  
Grab your booty right there  
Baby don't be scared come on  
Slow it down come here  
I know you wanna come closer  
Slow it down come here  
I know you wanna come closer

Got me feeling this  
As we're bumping and grinding on some R.Kelly shit  
And I'm feeling good  
'cause you're breaking it down  
Like you don't know who you're really messing with  
Wanna pull you close to me  
And put my hands on your booty  
I wanna show you a good time  
And pop it off with slow grind

This is for all my sexy ladies  
I've been watching you baby  
And I really wanna dance with you  
And you  
And you  
And you  
And you too  
So many here for me to choose from  
It's hard for me to choose one  
But I I choose you damn
