

# Ghetto

J. Holiday

New day same thing, we got people in the streets  
But the governmeny ain't doin' a damn thing, and all we investi  
ng in is

Hydro and liquor stores SS 4 doors and 24's  
But where I'm from thats what we live for, the ghetto so

If you're livin in the ghetto and your feelin me  
Let me hear you say OH,OH,OH  
If you're sick and tired of the same thing  
It's alright to say OH,OH,OH  
Cuz you know the Po Po's the project and the old folk  
That waht we see 24 in the ghetto, corner spots crack rocks and  
gun shots  
Good time the bad times the same place with the sam rhymes  
You need to stop waitin' round for the punch line  
Cuz ain't nothin change but the time  
Ain't nothing changed same place same thang, just a different d  
ay in the ghetto  
I know cuz I been there on the same block in the same gear  
Drinkin', smokin', wishin', hopin,

And if you're gettin sick and tired of the same thing  
It's alright to say OH,OH,OH  
If you're livin' in the ghetto and you're feelin me  
Let me hear you say OH,OH,OH  
Now what you know about the block after dark in the park  
The holes in ya shoes makin holes in ya socks  
Roaches in the kitchen wit no food for ya pots  
Or ya hands on ya head gettin pressed by the cops  
What you know about the hood when it's good when it ain't  
Sittin in the stoop witcha weed and ya drank  
With the old winos askin if you got change  
But if you ask me ain't shit changed  
I done seen plenty of cats get they ass knocked out  
If you come round here better not run your mouth  
I ain't never been a thug but I still get down  
Shots to SE to uptoen  
What you know about rent when it can't get paid  
Ya can't get a coupe so you get a Chevrolet  
And ya momma on her knees all she can do is pray  
But where I'm from this is life same shit different day
