

I Know Love

J. Holiday

You say the thrill was gone a long time ago, so why did you stay so long

If you knew the deal, should of let me know, why did you keep holdin on

Girl you put so much in to me and I put so much in you

I ain't gotta teach nobody me, I ain't gotta learn nobody new

And I know you gonna trip when I come home late without callin

I be expecting that, whether I'm rich or broke, havin a fussy girl you rollin I'll take nothing less than that

I know love has ups and downs

I know way too much to go and duck out now

So why would we give this up, just to go sleepin around

You know me better than the back of your hand

So don't you ever turn your back on this man

Baby, Oh, these nights are getting colder, without that round thing beside me

Come upstairs and let me hold ya, oh baby why would you deny me

Girl I know you wanted to cause you love the things I do, (I do to you)

And I know you gonna trip when I come home late without callin

I be expecting that, whether I'm rich or broke, havin a fussy girl you rollin I'll take nothing less than that

Baby Oh Oh, just help me sing
