But you build up all the courage now.  
Tonight your the water and Im ride your waves today.

So shawty wait intill the light go out theres no more talking a  
nd no more teasing nothing but pleasing.  
Wait intill the lights go out lets loose the power for about a  
hour.

I never told you that the way you be talking to me sights my wh  
ole world.  
But now its class time girl if you dont mind lets show and tell

I got in good with your best friend [2x]  
So that you never forget me.  
And all that trash we be talking to her its entertaing.

Turn off the mood if the blinds but some shade to it.  
Put your body in postion for submission.  
Straight shoveling while Im digging no need a electrieian.  
Oooh when the lights.
