

## Bringing It Back

J. J. Cale

Saturday, past September  
In the jailhouse, I remember  
I got caught with too much soul  
Bringing it back from Mexico  
Bringing it back from Mexico  
Spanish lights and pretty faces  
Trip you out to where the place is  
Load you up and let you go

Bringing it back from Mexico  
Bringing it back from Mexico  
Across the border is where you get her  
The wine's good, there ain't no better  
I think I'll get me some to go  
Bringing it back from Mexico  
Bringing it back from Mexico
