

## Disadvantage

J. J. Cale

Sometime in the morning, before the break of day  
I lose my direction, I can't find my way  
I can't find nobody to tell my troubles to  
I get so sad and lonesome  
Guess I'll tell 'em all to you

Got me at a disadvantage, you had me outta here  
I just want loving, the way don't seem clear  
Got me at a disadvantage, that's the way I feel  
Love is forever  
Love is for real

Some kind of fascination, that's the reason why  
First time I seen you, you were so shy  
Got me at a disadvantage, that's the way I feel  
Love is forever  
Love is for real
