Hard times is about to get me
Hard times, they hurt my hands
Hard times, it took my woman
Hard times lead her to a richer man

Caught in the middle of some fool's advice

If you work real hard, you get a piece of the pie

Can't you hear that laughing

No, the jokes don't end

Consider my resources, it's a hard time to eat
Hard times, it's rough all around
Hard times, it's all gonna end
Hard times, just thinking about it

Consider my resources, it's a hard time to eat Hard times
Hard times
Hard times
