

# I'll Kiss the World Goodbye

J. J. Cale

I've been so lonely  
In these prison walls  
Good lord, thinking I would die  
You've got the time to get me out  
I'll kiss this world goodbye

I've taken some things  
I don't really need  
I've wandered out any pride  
Just wave me off,  
I'll leave without doubt  
I'll kiss this world goodbye

The rain will fall  
And I need a woman  
Lord, I think I'm gonna die  
I've taken some things  
I don't really need  
I've wandered out any pride  
Just wave me off,  
I'll leave without doubt  
I'll kiss this world goodbye
