

If You Leave Her

J. J. Cale

You don't love her like I love her
You don't treat her like I do
You don't tell her the things I tell her
I can't see her walking with you

Who you foolin', fooly-fooling
Who you foolin' with that jive
You don't take her like I take her
You don't care if she lives or dies

I don't mean to talk in trouble
I don't mean to bend your ear
You just leave her standing lonely
If you leave her, leave her here, leave her here
