

If You're Ever in Oklahoma

J. J. Cale

If you're ever in Oklahoma
You better move around at night
'Cause they don't like no transportation
Slipping by in-and-out of sight
And they don't care about Dallas, Texas
And they don't care about Wichita
If you're ever in Oklahoma
You better move around the law
They got fines and they got plenty
They'll hold you up for days on end
Threaten your life and take your money
Make you think you're there to stay
