

# Nobody But You

J. J. Cale

Nobody but you in my dreams at night  
Nobody but you in my thoughts  
Nobody but you in my dreams at night  
Without you I am lost  
Without you I am lost

Can't seem to sleep after the sun goes down  
Walking the streets is all I do  
If you ever look you'll find me hanging 'round  
Nobody but you, nobody but you  
Without you I am lost

Nobody but you in my dreams at night  
Nobody but you in my thoughts  
Nobody but you in my dreams at night  
Without you I am lost
