

Can You Hear Me Now

J Rice

Girl you're so poisonous
Just like a cigarette
You're always pushin it
To see how far you'll get
But you won't easily
Make a fool me
I've seen this happen once
Oh, that's my cue to leave

[B-section:]
You say it's a misunderstanding
But I know know know
Yeah I know know know
When this is done I won't be standing
At your door
No more

So just go
What part of no don't you understand
No no
And I know
That I won't be the one crawlin back
Maybe I need to say it more clearly
Can you hear me now? (I'm leavin)
Can you hear me now? (I'm leavin)
Can you hear me now? (I'm leavin)
I'm gone
Can you hear me now? (I'm gone)
Can you hear me now?
Can you hear me now?
Good.

[B-section:]
You say it's a misunderstanding
But I know
Yeah I know
I found the message you've been sending
On your phone
In my home

[Bridge:]
I'm breakin up (you say)
I'm breakin up (you say)
Emme get to a better spot...ok ha

We're breakin up (hah)

We're breakin up
