Girl you're so poisonous Just like a cigarette You're always pushin it To see how far you'll get But you won't easily Make a fool me I've seen this happen once Oh, that's my cue to leave [B-section:] You say it's a misunderstanding But I know know know Yeah I know know know When this is done I won't be standing At your door No more So just go What part of no don't you understand No no And I know That I won't be the one crawlin back Maybe I need to say it more clearly Can you hear me now? (I'm leavin) Can you hear me now? (I'm leavin) Can you hear me now? (I'm leavin) I'm gone Can you hear me now? (I'm gone) Can you hear me now? Can you hear me now? Good. [B-section:] You say it's a misunderstanding But I know Yeah I know I found the message you've been sending On your phone In my home [Bridge:] I'm breakin up (you say) I'm breakin up (you say) Emme get to a better spot ... ok ha We're breakin up (hah) We're breakin up
