Backed by chemical grit, you can't be serious

I dont' care if you're a criminal or a cop, shoot or get shot
I'm raised by the plot, product of the hater
The gauge and the glock, and I keep a blade
I ain't afraid if it pop, the gauge still a gun
Married muder one, sleep with the fishes
Tasting red rum, young and corrupted
Nothing to fuck with, straight out of the gutter
With no introduction
Our role models is forced with the hollows
Fuck slothes the swallow the fifth a holla
The whitness and the polla
Weed twisting ganja
Load up the clip's and flip the corner
They Morner, be morners stay gunner
We gangster, gangster point and blank ya'
