

Never Thought

Ja Rule

R: (I never thought)
That you would fall in love with this side of me first
(That I'd be)
Intrigued with the thought of the gift and the curse
(Without ya)
And now your heart broke and it's making it worse
(Why Me, Why Me)
WHY ME
(I never thought)
That you would be involved with a nigga like I
(That I'd be)
Scared to look passion right in it's eyes
(Without ya)
And when you found love it was nothing but lies
(Why Me, Why Me)
Why, who would've thought

What the fuck is ya hobby mami highway robbery
cuz u got enough jewelry on ya body to buy a Farari
i'm like Ruben i'm sorry but I dont studder
matter fact call me Frank Love cuz i'd love to fuck ya
she said slow baby dont rush
I promise if u be patient i'll let u tear it up
and nigga sho nuff
we decided to keep in touch with each other u feel me
I didnt know we'd be touching ??
i'm surious, and i'm so sincure
my object is to stay in the clear
cuz we find fuck and flee these broads round here
I done made so many women shed so many tears
sittin home all alone getting drunk off of shots of bathome
decided to call let her feelings be known
in a slurred tone, she said I always get what I want
and what I want is u, but I dont get it cuz...

R: (I never thought)...

Girl our, situation is getting a little out of my hands
u calling me constant telling bitches that i'm ya man
I thought we was just friends conversating
gettin to know one another on a friendly basis
lets face it we from two different worlds that dont collide
but when they do the crash is more like a biz-omb
your favorite seasons bigati and mines is summer
u use credit I rubber band wrap my hundreds
what we got in common is minimal right next to nothin
and I think that's whats subliminally keepin u comin
back to the one u been fuckin but never thought you'd be fuckin
how often do u think about the awkwardness of it
I know u love it to say the least
and I aint just sayin that contrary to some beliefs opposites attract
and my track record is something to be expected
money cash hoes u know how it goes

R: (I never thought)...

Who would have thought that something so simple would turn out to be detrimi

nal

now i'm feeling like i'm caught in the middle
of this love triangle between she me and reality
reality is tellin us that we could never be
cuz I come from the streets and u come from a rich family
but I dont think that your family would understand me
it's the little things u overlook when you're around me
drugs guns bitches and needless to say
you're a pimp in your own way
baby you're makin it hard for me to look in your eyes and tell u to move on
i'm gone (i'm gone)
but then i'm back again
money and good pussy's a fatal attraction for men
she hits me every night quarter past ten
and with every call her voice got a little more intense
now we involved and it really dont make no sense
so be careful what u ask for u just might get it biaaaatch!
