

# R.U.L.E.

Ja Rule

Yeah (yeah)...Yeah (yeah)..  
You Know (you know)...Lets (lets)...Go (go)...[laughter]  
Yeah (yeah)...Yeah...WHUTS MY NAME?!

They cool but they ain't R.U.L.E.  
They do, but dont do it like me  
Nobody, nobody, Does it Like R.U.L.E.  
They do but dont do it like me  
Nobody, nobody, Does it Like R.U.L.E.

Nobodys livin life the way that I live it  
Nobodys spittin and doin it, I spit it  
But who fuckin admitted  
I'm one of the bigger biggest of niggaz that done did it  
Been hated and delt wit it, when agents tap in my lyrics  
So by the time that they hear it, the crime's already committed  
Natural Born Killa, but that I'm already and then  
Murda was the case, but I-N-C's been acquitted  
The Agency's gettin livid, They wanted us to be finished  
But we got unfinished business, Sned God as my witness  
This is another testimony to my life and my story  
Askin you hoes, Why should I talk when I got guns to speak for me  
Dont come at me homie, Especially tryin to act like you know me  
Only if you can control me, Know where you been choosen befor me  
To sit in ya grave, homie dig it, I'm hearin its lonely, But see  
Nobody...Does it...Like Me! And they know it they cant spit it the same  
But still they try, cuz thats part of the game, WHUTS MY NAME?!

They cool but they ain't R.U.L.E.  
They do, but dont do it like me  
Nobody, nobody, Does it Like R.U.L.E.  
They do but dont do it like me  
Nobody, nobody, Does it Like R.U.L.E.

These niggaz incredible, throughout the ghettos of America  
People, see these window I see through  
Off they mirror they evil, jealous bullshit that men do  
Had I known it was you, there'd be no clue on who done killed you  
Like when Kane murdahd Able, Niggaz must have been able  
To put caine through they nasals, They so high they see angels  
I see life from all angels, tangled, webs and weaves  
Now niggaz is able to kill like Kane all over the streets  
100 degrees Ferenheite, hot as the hottest summer night  
Heatin up desperately in the need of some ice, I'm nice  
Nobodys quite like, flow like rare blood types  
I be wrong if I'm right, right if I'm wrong, I was the RULE born  
When my legacy is left through my boys maiden name live on RULE  
Niggaz is foolish tryin to do whut I do, Cuz see  
Nobody...Does it...Like me! And they know it they cant do it the same  
But still they try, cuz thats part of the game WHUT MY NAME?!

They cool but they ain't R.U.L.E.  
They do, but dont do it like me  
Nobody, nobody, Does it Like R.U.L.E.  
They do but dont do it like me  
Nobody, nobody, Does it Like R.U.L.E.
