

Burn for you

Jace Everett

Baby I'll drink that poison down
You know I wear that thorny crown
I'll be Abel to your Cain
When this whole world goes up in flames

Baby I'll burn for you
Baby I'll burn for you

Walk a hundred miles across the coast
Pawn my watch and sell my soul
Six feet down I'll call your name
When this whole world goes up in flames

Baby I'll burn for you
Baby I'll burn for you
Baby I'll burn for you

Baby I'll
Baby I'll
Baby I'll burn
Bababababy I'll burn
For you
Bababababy I burn

I take the poison down
I'll take you underground
For you
For you
