

# Glory

Jaci Velasquez

I see the glory  
There's glory all around in the world  
And glory has been found -it surrounds me  
And opens my mind and heart

Looking for a meaning  
Wandering around with no direction  
I'd rush to take that next big step  
To make it that much more ahead

I went for the horizon  
And I found the glory of Your love

I see the glory  
There's glory all around in the world  
And glory has been found -it surrounds me  
And opens my mind and heart

We've been through stormy weather  
Now I know Your love's with me forever  
You're here to take that step with me  
You're by my side eternally

I went for the horizon  
And I found the glory of Your love

I see the glory  
There's glory all around in the world  
And glory has been found -it surrounds me  
And opens my mind and heart

I went for the horizon  
And I found the glory of Your love

I see the glory  
There's glory all around in the world  
And glory has been found -it surrounds me  
And opens my mind and heart

I see the glory  
There's glory all around in the world  
And glory has been found -it surrounds me  
And opens my mind and heart

Glory Hallelujah  
Glory Hallelujah
