

# Jesus Is

Jaci Velasquez

You're my best friend in spite of flaws  
I can't believe You're always there  
You hear my prayers

You are my rock, You harbor truth  
I can see Your light shine everywhere  
It's all around me

You never judge me for my faults  
Your love is unconditional  
Without You, I don't know where I'd be

Jesus is the sweet, sweet love of my soul  
Jesus is the only thing making me whole  
He's everything to me, all I desire to be  
That's what Jesus is, that's what Jesus is

Sweet Comforter, You ease my mind  
Always beside me constantly  
You never leave me

And You know me oh so well  
Better than I know myself  
And Your word is all that I believe

Jesus is sweet, sweet love of my soul  
Jesus is the only thing making me whole  
He's everything to me, all I desire to be  
That's what Jesus is, that's what Jesus is

You're the spark of Heaven's light  
The stars that shine at night  
Here with You, it feels like home

Jesus is, Jesus is the healer of my heart when it breaks  
Jesus is forgiveness when I make a mistake  
He's all that I believe, He's everything I need  
That's what Jesus is

Jesus is the sweet, sweet love of my soul  
Jesus is the only thing making me whole  
He's everything to me, all I desire to be  
That's what Jesus is

Jesus is, He's all that I believe  
He's every breath I breathe  
That's what Jesus is, that's what my Jesus is
