

# Lost Without You

Jaci Velasquez

I know I can be a little stubborn sometimes  
You might say a little righteous and too proud  
I was looking for a way to compromise  
Thinking maybe I can work things out

I thought I had all the answers never given in  
But you've loved me all along and I admit that I was wrong

All I know is I'm lost without you I'm not gonna lie  
I can never be strong without you I need you by my side  
If I ever thought we'd never be together 'cause of all my foolish pride  
I don't know what I'd do  
I'm lost without you

I keep trying to find my way  
But all I know is I'm lost without you  
I keep trying to face the day I'm lost without you

You're the only one who gets rid of these blues  
When I fall you catch me every time  
The way you give me clarity when I'm confused  
Just to hear your voice can ease my mind

Oh my words so cold at night  
When I wonder far away  
Only you can make it right  
No I'm not too proud to say

All I know is I'm lost without you  
I'm not gonna lie  
I can never be strong without you  
I need you by my side

I keep tryin' to find my way  
But all I know is I'm lost without you  
I keep tryin' to face the day I'm lost without you

I know that you can hear me now  
Let the pain just go away  
Stop all the tears from running down my face

All I know is I'm lost without you  
I'm not gonna lie  
I can never be strong without you  
I need you by my side  
If I ever thought we'd

I keep tryin' to find my way  
But all I know is I'm lost without you  
I keep tryin' to face the day I'm lost without you
