

# Weightless

Jaci Velasquez

I am weightless, the burden is gone  
I am weightless, ooooooooooh,  
I am weightless, your mercy has come  
I am weightless, yeah

I'm walkin' on air  
The world lifted off my shoulders  
Without a care  
Now, that the clouds are over  
In this atmosphere  
I can breath again

I am weightless, the burden is gone  
I am weightless, ooooooooooh,  
I am weightless, your mercy has come  
I am weightless, yeah

My conscience burns  
Time for a new confession  
My heart returns  
Let's hope I learned my lesson  
And all concerns  
Simply float away

I am weightless, the burden is gone  
I am weightless, ooooooooooh,  
I am weightless, your mercy has come  
I am weightless, yeah

Lifted from the ashes  
Sprinkled with Your blood  
The sea of tears  
My shame has made  
I'm soaring high above  
Yes, I am overcome by Your love
