

# California

Jack & Jack

(Never goin' home, n-n-never goin' home, no way, no way, never goin' home, n-n-never goin' home, no way)

I can't stop, never let a hater  
Kill your dreams, 19, I got paper  
Katniss Everdeen  
Odds always in my favor  
I pull up on the scene, black tee and a Blazer  
Won't chase a woman, I re-place  
I'll make you have deja vu when I walk by  
Like, "Hey it's that guy! Yeah aren't you from Vine?"  
Hell nah I'm from Nebraska, get your facts aligned  
But I ain't gonna lie, Jack and Jack  
Did blow up on the app but we're more than that  
The best duo in LA since Kobe-Shaq  
They need a whole demolition just to hold us back  
Run circles around the competition, cul-de-sac  
Legs keep burnin' but it's so worth it  
When you're young and earnin' money like a surgeon  
Yeah it's cool and all but spreadin' love's my purpose

So who is gon' tell me I can't do  
Anything I put my mind to  
Now I ain't tryna hear it  
Bitch get up out my ear

I'm just a Midwest kid dreamin' California  
One way ticket cause I had to show you  
Flow so sick, make you catch pneumonia  
I'm never goin' home, n-n-never goin' home  
No way, no way  
Never goin' home, n-n-never goin' home  
No way, no way  
Never goin' home, n-n-never goin' home  
No way

I'm fresh up in the game and I'm here to stay  
Don't really got my shit together, just appear this way  
And I'm like everybody else, I got fears to face  
Nowadays even the real are just as real as fakes  
And nobody's really what they seem  
Learned that the hard way, cuts run deep  
And these millions of people put their trust in me  
Man I got a lot of pressure but I must succeed  
So Imma keep grindin' and workin', I'm finally certain  
My life is not meant to be wasted  
The line of success all these people be tracin'  
That shit, it ain't me, Imma pave my own way  
And I'm a little unorthodox, I can't lie  
No I ain't gonna conform I rock my own style  
Tell that to the fans and everybody by side  
Yo we're headed to the top and you should keep a close eye

So who's gon' tell me I can't do  
Anything I put my mind to  
Now I ain't tryna hear it  
Bitch get up out my ear

I'm just a Midwest kid dreamin' California  
One way ticket cause I had to show you  
Flow so sick, make you catch pneumonia  
I'm never goin' home, n-n-never goin' home  
No way, no way  
Never goin' home, n-n-never goin' home  
No way, no way  
Never goin' home, n-n-never goin' home  
No way

Before I touched down, thought I had it all  
Now it's midnight sessions, playin' basketball  
My friends and my family, Imma have to call  
And tell 'em I'm never goin' home, yeah I'm never goin' home  
No way

Midwest kid dreamin' California  
One way ticket cause I had to show you  
Flow so sick, make you catch pneumonia  
I'm never goin' home, n-n-never goin' home  
No way, no way  
Never goin' home, n-n-never goin' home  
No way, no way  
Never goin' home, n-n-never goin' home  
No way
