

# Cold Hearted

Jack & Jack

Ooh, got so many things I want to do, to your body  
Oh, I caught that glimpse you threw from across the room,  
Yeah I caught it

Never have I been the one to be brutally honest  
But really I just can't contain myself  
(uh uh)  
You got a ice cold stare  
But you're hot like the tropics  
If I approach you I'm afraid I'll melt  
(afraid I'll melt)  
But that ain't stopping me, even if it should  
Feeling good about the way you looking  
The way that you looking at me  
And you have got to be the best in the business the second I'm in this  
You caught my attention like I just took an addy

Surrounded by flashing lights  
They distract me from what I need  
(what I need)  
And that's you girl, you girl (you), you girl  
We can do this all night  
You can wake up in my sheets yeah,  
Oh yeah

Ooh, got so many things I want to do, to your body  
Oh, I caught that glimpse you threw from across the room,  
Yeah I caught it  
She's cold hearted, yeah, she's cold hearted  
Cold hearted, yeah, but I still want it

Okay, walked in with a group of twenty  
But you know that I'm leaving with just one individual  
(just you girl)  
Looking for love, we're too young it is pitiful  
Really are we trying to get attached?  
Can I get a no?  
And I'm on it, hot pursuit  
I saw the glimpse and I caught it and I got with you  
Back at you with half a crew,  
It's absolute  
You thinking I won't come back without a slap or two?  
You're a top shelf girl,  
I put it on my life and I put it on the world  
Quite apparent by the smile you wearing  
You're pretty confident  
You're dancing on the tiles,  
I'm staring  
My jaw's dropping  
And I thought it would be proper that I introduce myself  
But I can't even hear my voice over the boom of the bass in the background  
But if I could then I would tell you  
I'm Jack and as a matter of fact  
I live with passion, how does that sound?

Ooh, got so many things I want to do, to your body  
Oh, I caught that glimpse you threw from across the room,

Yeah I caught it  
She's cold hearted, yeah, she's cold hearted  
Cold hearted, yeah, but I still want it  
She's cold hearted, yeah, she's cold hearted  
Cold hearted, yeah, but I still want it

Yeah, I'm a slow it down for you real quick  
(I'm a slow it down)  
I'm a put it down on you real quick  
(I'm a put it down)  
And I'm a show you what I'm all about, yeah  
You didn't know you're about to find out, yeah

Ooh, got so many things I want to do, to your body  
Oh, I caught that glimpse you threw from across the room, yeah I caught it  
She's cold hearted, yeah, she's cold hearted  
(caught that glimpse)  
Cold hearted, yeah, but I still want it  
She's cold hearted, yeah, she's cold hearted  
(cold hearted, cold hearted)  
Cold hearted, yeah, but I still want it  
(cold hearted, I still want it)
