

# Falling

Jack & Jack

Falling, falling, falling, falling  
For you, you, you, you  
Even on my way up  
Got me thinkin' 'bout you every day now  
Falling, falling, falling, falling  
For you, you, you, you  
Every single day now  
Got me looking at you in a different way now

I'm on my way, girl, I'm on my way  
Just let me hop into my ride, headed to your place  
I'mma take my time 'cause it ain't a race  
But if it was I'm in first place  
You know the deal, baby  
Yeah, tell me how you feel, baby  
I'll let you take the wheel maybe  
Let me catch a feel, baby  
Lately you've been one that's on my mind  
Think about you when I'm alone,  
I can't help it  
I can't stop this feeling

And we'll keep on climbin' this ladder of love  
There's no ceiling  
I can't help it,  
I can't stop this yeah

And now I'm falling, falling, falling, falling  
For you, you, you, you  
Even on my way up  
Got me thinkin' 'bout you every day now  
Falling, falling, falling, falling  
For you, you, you, you  
Every single day now  
Got me looking at you in a different way now

I'm on my way down  
For you, you, you, you  
Every single day now  
Girl, you got me on your way now  
I'm on my way down  
For you, you, you, you  
Every single day now  
Got me looking at you in a different way now

So, tell me, baby, have you heard the news?  
It's true, lately I've been falling face first for you  
I knew from the moment that you walked through my view  
I had to pursue 'cause—damn—  
You got me stopping in my place  
You have my undivided, the valet's pullin' up the whip, girl  
You can come inside it  
And anything you wanna do, baby, I'm up it tryin'  
And I don't get up in my feelings but I can't deny  
That you've been all that's on my mind  
Ain't no need to waste our time and move slow  
You got me trippin', fallin' down outta control, damn

You drive me crazy, got my head up in the ozone  
Somethin' only you know how to do, girl

We'll keep on climbin' this ladder of love  
There's no ceiling  
I can't help it  
I can't stop this yeah

And now I'm falling, falling, falling, falling  
For you, you, you, you  
Even on my way up  
Got me thinkin' 'bout you every day now  
Falling, falling, falling, falling  
For you, you, you, you  
Every single day now  
Got me looking at you in a different way now

I'm on my way down  
For you, you, you, you  
Every single day now  
Girl, you got me on your way now  
I'm on my way down  
For you, you, you, you  
Every single day now  
Got me looking at you in a different way now
