

Falling

Jack & Jack

Falling, falling, falling, falling
For you, you, you, you
Even on my way up
Got me thinkin' 'bout you every day now
Falling, falling, falling, falling
For you, you, you, you
Every single day now
Got me looking at you in a different way now

I'm on my way, girl, I'm on my way
Just let me hop into my ride, headed to your place
I'mma take my time 'cause it ain't a race
But if it was I'm in first place
You know the deal, baby
Yeah, tell me how you feel, baby
I'll let you take the wheel maybe
Let me catch a feel, baby
Lately you've been one that's on my mind
Think about you when I'm alone,
I can't help it
I can't stop this feeling

And we'll keep on climbin' this ladder of love
There's no ceiling
I can't help it,
I can't stop this yeah

And now I'm falling, falling, falling, falling
For you, you, you, you
Even on my way up
Got me thinkin' 'bout you every day now
Falling, falling, falling, falling
For you, you, you, you
Every single day now
Got me looking at you in a different way now

I'm on my way down
For you, you, you, you
Every single day now
Girl, you got me on your way now
I'm on my way down
For you, you, you, you
Every single day now
Got me looking at you in a different way now

So, tell me, baby, have you heard the news?
It's true, lately I've been falling face first for you
I knew from the moment that you walked through my view
I had to pursue 'cause—damn—
You got me stopping in my place
You have my undivided, the valet's pullin' up the whip, girl
You can come inside it
And anything you wanna do, baby, I'm up it tryin'
And I don't get up in my feelings but I can't deny
That you've been all that's on my mind
Ain't no need to waste our time and move slow
You got me trippin', fallin' down outta control, damn

You drive me crazy, got my head up in the ozone
Somethin' only you know how to do, girl

We'll keep on climbin' this ladder of love
There's no ceiling
I can't help it
I can't stop this yeah

And now I'm falling, falling, falling, falling
For you, you, you, you
Even on my way up
Got me thinkin' 'bout you every day now
Falling, falling, falling, falling
For you, you, you, you
Every single day now
Got me looking at you in a different way now

I'm on my way down
For you, you, you, you
Every single day now
Girl, you got me on your way now
I'm on my way down
For you, you, you, you
Every single day now
Got me looking at you in a different way now
