Falling

Falling, falling, falling, falling For you, you, you Even on my way up Got me thinkin' 'bout you every day now Falling, falling, falling, falling For you, you, you Every single day now Got me looking at you in a different way now

I'm on my way, girl, I'm on my way
Just let me hop into my ride, headed to your place
I'mma take my time 'cause it ain't a race
But if it was I'm in first place
You know the deal, baby
Yeah, tell me how you feel, baby
I'll let you take the wheel maybe
Let me catch a feel, baby
Lately you've been one that's on my mind
Think about you when I'm alone,
I can't help it
I can't stop this feeling

And we'll keep on climbin' this ladder of love There's no ceiling I can't help it, I can't stop this yeah

And now I'm falling, falling, falling, falling For you, you, you Even on my way up Got me thinkin' 'bout you every day now Falling, falling, falling, falling For you, you, you, gou Every single day now Got me looking at you in a different way now

I'm on my way down
For you, you, you, you
Every single day now
Girl, you got me on your way now
I'm on my way down
For you, you, you, you
Every single day now
Got me looking at you in a different way now

So, tell me, baby, have you heard the news? It's true, lately I've been falling face first for you I knew from the moment that you walked through my view I had to pursue 'cause-damn-You got me stopping in my place You have my undivided, the valet's pullin' up the whip, girl You can come inside it And anything you wanna do, baby, I'm up it tryin' And I don't get up in my feelings but I can't deny That you've been all that's on my mind Ain't no need to waste our time and move slow You got me trippin', fallin' down outta control, damn You drive me crazy, got my head up in the ozone Somethin' only you know how to do, girl

We'll keep on climbin' this ladder of love There's no ceiling I can't help it I can't stop this yeah

And now I'm falling, falling, falling, falling For you, you, you Even on my way up Got me thinkin' 'bout you every day now Falling, falling, falling For you, you, you, falling For you, you, you Every single day now Got me looking at you in a different way now

I'm on my way down
For you, you, you, you
Every single day now
Girl, you got me on your way now
I'm on my way down
For you, you, you, you
Every single day now
Got me looking at you in a different way now
