

# Hurt People

Jack & Jack

Hurt people, hurt people...

I'm a better man 'cause of you  
Thought we had a chance, that's true  
But you have weapons  
Didn't know you have weapons  
Now I'm insecure and stressed out  
When someone gets close, I shut down  
Always second-guessing  
Got so many questions

You did it to me, 'cause he did it to you  
And now I'm gonna turn around and do it to my new girl  
I do it to her, she do it to him  
This cycle won't ever end 'cause

Hurt people, hurt people  
Hurt people, so lethal  
Around and around we go  
Guess we're used to the blame  
Everybody heart breaking  
Hungover, love wasted  
Too much we can't take it  
Yeah we all feel the blame  
Hurt people, hurt people  
Hurt people, hurt people

Okay, I'm sick of the games  
I'm sick and I feel like I'm wastin' my time  
I don't see how you're so good at doin' your make up  
But can't seem to make up your mind  
You drive me crazy disobeying the signs  
I know that you took an emotional bullet  
But now you're the one with the gun and it's loaded  
And pointed right at me, you hurt people  
And you don't even know it  
Girl you turn me into a poet  
Every time you get me in my emotions  
Baby the love that we had was explosive  
We had to blow it  
That's just how it goes when you're young and you're easily broken  
Man, it's pretty easy to notice

Hurt people, hurt people  
Hurt people, so lethal  
Around and around we go  
Guess we're used to the blame  
Everybody heart breaking  
Hungover, love wasted  
Too much we can't take it  
Yeah we all feel the blame  
Hurt people, hurt people

I don't wanna hurt you  
Baby, I deserve you  
I've been waitin' for a long, long, long, long time  
If we could learn to stab each other in the back a little bit less

Then we could last a long, long (long, long, long time)  
If we could learn to stab each other in the back a little bit less  
Then we could last a long, long, long, long time (long, long, long time)

Hurt people, hurt people  
Hurt people, so lethal  
Around and around we go  
Guess we're used to the blame  
Everybody heart breaking  
Hungover, love wasted  
Too much we can't take it  
Yeah we all feel the blame  
Hurt people, hurt people
