

That's What I Tell Myself

Jack Greene

I don't love you anymore that's what I tell myself
I don't need you anymore that's what I tell myself
If you leave me I don't care I'll find somebody else
Someone truer more than you were that's what I tell myself
If you will look into my eyes you'll see I'm lying lying to you
to keep from crying
But I know I'll get along that's what I tell myself
I won't even know you're gone that's what I tell myself
And somewhere along the way I'll find somebody else
Someone truer more than you were that's what I tell myself

Someone truer more than you were that's what I tell myself
