When The Grass Grows Over Me

Jack Greene

When you left I thought that I would soon get over you Even told myself that I would find somebody too Time and tears have come and gone but not your memory But I'll be over you when the grass grows over me Yes I'll be over you when you're standing over me And as you look down at the cold cold ground I'm sleeping in Don't expect to hear me say that I still love you then Cause I'll be over you when the grass grows over me

Even when my eyes are closed they keep on seeing you Every minute I'm alive I'm hurtin' through and through And as long as I live I know I won't be free But I'll be over you when the grass grows over me Yes I'll be over you...
