

Feel Like I'm Falling In Love

Jack Ingram

Head over heels
Falling faster
Spinning wheels
Going round and round

No big deal
Just one more disaster
I'll take my chances
If I'm falling down

'Cause I feel like I'm falling in love
I feel like I'm falling in love

I'm not afraid
Of my heart breaking
I have paid
That price before

All of my mistakes
Add up to nothing
We've got something
I want more

'Cause I feel like I'm falling in love
I feel like I'm falling in love
This time it's different
This time it's real
I feel like I'm falling in love
