Feel Like I'm Falling In Love

Jack Ingram

Head over heels Falling faster Spinning wheels Going round and round

No big deal Just one more disaster I'll take my chances If I'm falling down

'Cause I feel like I'm falling in love I feel like I'm falling in love

I'm not afraid Of my heart breaking I have paid That price before

All of my mistakes Add up to nothing We've got something I want more

'Cause I feel like I'm falling in love I feel like I'm falling in love This time it's different This time it's real I feel like I'm falling in love
