

Love You

Jack Ingram

Dang this sun dang this day
Yea I'm just tryin' to stay out of your danged ole way
The heck with this the heck with us
Shoot if I'll ever look back on where I've been
Shoot if I'll ever get away my heart again

Love you love this town
Love this mother loving truck
Keeps on breaking loving down
There's only one little four letter word that will do
Love you

Love your cat love this house
I can't believe myself that I'm loving getting' out
Love talking love fighting
And the thought of never seeing your loving face
Well there's some words that some words just have to replace

So love you love this town
I'm sick and loving tired of all you're loving around
There's only one four letter word that will do
Love you

So love you love this town
I'm sick and loving tired of all you're loving around
There's only one four letter word that will do
Love you

So love you love this town
Love this mother loving truck
That keeps on breaking loving down
There's only one four letter word that will do
So love you, love you, love you, love you
