

## Man In Your Life

Jack Ingram

Just a little bit closer, a little closer still  
If you let it take you, baby it will  
Baby, I can feel it, you can feel it too  
Lettin' go is all we have to do  
It's just me and you

Tonight I'm gonna be your lover  
Tonight I'm gonna be your friend  
Baby, don't worry 'bout forever  
'Cause this ain't gonna end

I wanna take your body, baby  
I wanna take your soul so high  
I wanna steal your heart, give you mine  
I wanna be the man in your life

It only takes one moment, only takes one kiss  
You're the only one who makes me feel like this  
Baby, it's magic we can disappear  
Make the world stop turning, baby come here  
Won't you just come here?

Tonight I'm gonna be your lover  
Tonight I'm gonna be your friend  
Baby, don't worry 'bout forever  
'Cause this ain't gonna end

I wanna take your body, baby  
I wanna take your soul so high  
Steal your heart, give you mine  
I wanna be the man in your life

Tonight I'm gonna be your lover  
Tonight I'm gonna be your friend  
Baby, don't worry 'bout forever  
'Cause this ain't gonna end

I wanna take your body, baby  
I wanna take your soul so high  
Steal your heart, give you mine  
I wanna be the man in your life  
Just wanna be the man in your life  
Man in your life
