

One Lie Away

Jack Ingram

Everything I ever wanted
Is one lie away
To be so close and now to know
There's nothing we can say

For the things I can't take back
Severely I will pay
And everything I ever wanted
Is one lie away

Being so wrong doesn't take long
Not holding on goes on and on

And if you could see what's left of me
Has to go through everyday
You'd know everything I ever wanted
Is one lie away

Being so wrong doesn't take long
Not holding on goes on and on

No you can't take back your actions
Only hope, pray and change
And everything I ever wanted
Is one lie away

Everything I ever wanted
Is one lie away, one lie away
