

# Seeing Stars

Jack Ingram

Stars on the river  
Stars in the sky  
Stars that are fallen  
Stars burnin' bright

Stars disappear  
Stars come to life  
Out of the dark

I see stars in every headlight  
And I wonder where they go  
I see stars that are stranded  
By the side of the road

I see stars that look like raindrops  
Stickin' to the hood of my car  
I'm seein' stars

Wishin' on stars  
Only when you see 'em  
Is like askin' God for help  
Only when you need it  
But I'm wishin' anyway  
I'm wishin' anyway

Wishin' on stars  
Only when you see 'em  
Is like askin' God for help  
Only when you need it  
But I'm wishin' anyway  
Yeah, I'm wishin' anyway

Tonight there's stars on the river  
Stars in the sky  
Stars that are faded  
Like the stars in her eyes

And one lonely teardrop  
And one long goodbye  
Hit me hard  
I'm seein' stars

Wishin' on stars  
Only when you see 'em  
Is like askin' God for help  
Only when you need it  
But I'm wishin' anyway  
Yeah, I'm wishin' anyway

I'm seein' stars  
I'm seein' stars

Stars on the river, stars in the sky  
(I'm seein' stars)  
Stars that are faded, stars in your eyes  
I'm seein' stars
