

She Don't Love You

Jack Ingram

Man you ain't done nothin' wrong
Come on see the light
There ain't a thing that you can do
It don't matter how to try
Blow with all your might
That girl don't need a reason to be blue

Chase her all you want
Promise to be true
Man, you ain't done nothin' wrong
She just don't love you

You've been hangin' in
Watchin' her hang out
She don't even tell you where she goes
Then says she's with a friend
When don't make her have to shout
Why can't you see what everybody knows?

Yeah, but these lies won't last long
Come on, grab a clue
Man, you ain't done nothin' wrong
She just don't love you

And I know what your goin' through
I've been there myself
You ain't gonna listen to no one
Yeah, but when it's all over
You've had enough
And she's had all her fun

Well, remember this my friend
Man, you ain't done nothing wrong
She just don't love you

Chase her all you want
Come on, grab a clue
Man, you ain't done nothin' wrong
No, you ain't done nothin' wrong
Man, you ain't done nothin' wrong
She just don't love you
