

# As I Was Saying

Jack Johnson

As I was saying  
Just before you left the room  
Before I assumed  
That you might not come around

As I was saying  
Just after I took my foot from  
My mouth and put it back  
On the ground

I don't want to disappoint you  
I don't want to disappear  
From here or now or you

This is worth saving  
Because the sum of us is more than us  
If you add us up  
Then subtract my lack of sleep

My mind feels crazy  
When all these thoughts come rushing in  
Should I be trusting them  
Or only let them be?

I don't want to disappoint you  
I don't want to disappear  
From here or now or you

Is it just a matter of time?  
Or does it even matter at all?  
Because even if this story should fall  
From the sky to the see  
If I should fall  
Would you fall down with me?  
Would you fall down with me?

Found my foundation  
It was underneath me all alone  
On this path I'm on,  
Now I never walk alone

I've been erasing  
Rewrote the second half like this  
So my protagonist  
Might find his way back home

I don't want to disappoint you  
I don't want to disappear  
From here or now or you  
Not from here or now or you
